A decision will be made early next week. We will connect with students and families on details once we have confirmation on the next steps. A Frequently Asked Questions (FAQ) document will be sent from the District soon.

**Cool Happenings in Virtual Classes**

Our administrative team has been busy visiting virtual classrooms. These visits have become the highlight of our days! We have seen or participated in games, deep discussions, Claim Evidence Reasoning, excellent use of video as a springboard to discussion and visual engagement, breakout rooms in Google Meet, a taste of Jazz, virtual field trips, in-depth discussions lead by students, amazingly positive openings of class where students are greeted and drawn out to participate fully (excellent persistence!), many, many student presentations of their work (writings, art, thoughts, research, ...)

**STHS and Mt. Tallac teachers rock!**
