

SOUTH TAHOE HIGH SCHOOL

SENIOR COURSE REQUEST 2019-2020

INSTRUCTIONS:

- 250 credits and passing High School Math I and Senior Project are required to graduate. A student should have at least 180 credits and the ninth, tenth, and eleventh grade course requirements completed prior to August 2019. If not, you must repeat the class that you failed.
- Seniors must enroll in a minimum of six (6) classes (3 each term) and up to eight (8) classes. You must be on track to graduate, have a 2.0 or higher gpa, have parent permission and must not have an attendance contract to have Late In or Early Out.
- The required courses for seniors are English and Economics/Civics. You will be placed in those classes based on test scores and teacher recommendation. You may choose AP Government/Politics in place of Civics.
- From the course offering sheet, select four (4) or up to six (6) elective courses. Select at least 3 alternate courses. Alternates are used for scheduling conflicts. (p) Indicates college prep.
- Course descriptions can be found at sths.ltusd.org, under Counseling.
- **WINTER SPORTS ALERT:** You MUST notify your high school counselor if you plan to ski for South Tahoe High School or ski/snowboard for Sierra at Tahoe on an organized team! Select 0008 to select Ski/Snowboard. (This does not count as an elective.)
- **NCAA Division I/II potential athletes: not all of our courses meet NCAA requirements. Please see your counselor to discuss course selection if you are interested in being a college athlete.**
- Questions? Email your counselor!
